The image shows a wireframe for a sign-up page. It features a large outer rectangle with a yellow-to-pink gradient border. Inside this is a smaller white rectangle with a thin pink border. Centered within the white rectangle is the text "Sign up". Below this text are four rounded rectangular input fields, each with a green-to-blue gradient. The labels "Email", "Confirm Password", and "Password" are centered in each field respectively. At the bottom of the input fields is an orange rounded rectangular button labeled "Submit".

3.Sign In page:

The image shows a wireframe for a sign-in page. It features a large outer rectangle with a yellow-to-pink gradient border. Inside this is a smaller white rectangle with a thin pink border. Centered within the white rectangle is the text "Sign in". Below this text are two rounded rectangular input fields, each with a green-to-blue gradient. The labels "Email" and "Password" are centered in each field respectively. At the bottom of the input fields is an orange rounded rectangular button labeled "Submit".

4.Booking Appointment page:

The image shows a UI mockup for an 'Appointment Form'. The form is contained within a white box with a pink border, which is itself inside a larger yellow and pink gradient frame. The form has a title 'Appointment Form' in pink. Below the title are six input fields with labels: 'Name', 'Age', 'Date', 'Time', 'PhoneNO', and 'Allergy'. Each input field is a rounded rectangle with a green-to-blue gradient. At the bottom of the form is a yellow 'Submit' button.

5.Booking History Page:

The image shows a UI mockup for a 'Booking History' page. The page is contained within a white box with a pink border, which is itself inside a larger yellow and pink gradient frame. The title 'Booking History' is in pink. Below the title are four booking entries arranged in a 2x2 grid. Each entry consists of a yellow and pink gradient square, a yellow 'cancel booking' button, and a 'Reason' label.
